SEE TEXT OF ZONING ORDINANCE FOR COMPLETE INFORMATION ON THIS REGULATIONS.

Where a zoning district boundary is located at the edge of a water body, that zone that applies to the land shall apply to unimproved and open lots as well as open and commercial building operations to the extent of the returned jurisdiction of the town.

Where zoning district boundaries are located along the edge of a roadway and a distance is shown from such points to another zoning boundary, such distance and points shall be from the edge of the road right-of-way. The ultimate location of such points shall be determined by survey as the line shown on this map is considered an approximation.
